Tallahassee. Children's Week brings together organizations concerned with children's issues throughout the state of Florida.

Promoting Statewide GAL Volunteer Recruitment and Retention

Volunteers are crucial to the GAL Program. GAL volunteers represent the best interests of a child involved in Florida's dependency system. With ever changing social workers, schools and even foster parents, often times a GAL volunteer is the one constant adult presence in a dependent child's life. The Foundation supports the GAL Program's goal of representing all of Florida's dependent children in out-of-home care and dependent children to age three years in their own homes.

Hiring Chief Executive Officer of the Florida Guardian ad Litem Foundation

Eric Clark was hired as of July 11, 2016, as CEO of the Guardian ad Litem Foundation. Clark will be working with the local non-profits that support the GAL Program in each of Florida's twenty circuits to advance the Guardian ad Litem Foundation's mission. Clark comes to the Guardian ad Litem

Foundation with immense enthusiasm, experience and ability to get things done. Throughout his career, Clark has shown his dedication to children through his work with the Boys & Girls Clubs in Virginia as well as Florida. His extensive institutional knowledge of the non-profit world will enrich an already successful non-profit network.

Bringing Non-Profits Together to Ensure Issues Important to the GAL Program are Promoted in the Legislature

In the 2016 Legislative Session, the GAL Foundation worked to ensure issues important to the 20 local non-profit organizations and GAL Program were represented in the Florida Legislature. Nine local non-profit organizations contributed to this initiative and began meeting to ensure their voices were represented during the legislative session.

Providing Financial Support to Meet the Needs of Abused and Neglected Children Who Are Represented by a GAL Volunteer

Supporting the needs of Florida's dependent children is a critical part of the Foundation's mission. Whether through grants, individual or corporate donations, or time, the Foundation has continually worked to provide support to children involved in the GAL Program.

The Foundation received and acknowledged donations from private individuals, corporations, foundations and bequests. Many of the donations received were derived through social media and networking within the community.

Finally, when a child-specific need was identified, the Foundation provided targeted support for unique and unfunded needs of children who are represented by GAL volunteers. The Foundation funded such things as medical needs and money for activities related to normalcy.

FLORIDA GUARDIAN AD LITEM FOUNDATION PLANS FOR FISCAL YEARS 2016-2019

The Foundation's plans for the next three fiscal years focuses on the mission of the Foundation as well as the GAL Program. The Foundation will continue to develop statewide partnerships with private and philanthropic supporters to enhance GAL training and improve advocacy across Florida. These partnerships within the community not only will lead to a better understanding of the GAL Program but also the needs of Florida's abused and neglected children.

The Foundation is partnering with Sunshine Health to provide Regional Volunteer Conferences throughout the Fall and Winter of 2016 and 2017. Training Topics will include Children’s Healthcare and Eligibility; Former Foster Youth Panel;

The Foundation will strengthen the network of local Guardian ad Litem nonprofits across the state, in support of a unified mission. Whether through shared conference calls, the Foundation website, emails, or meetings the Foundation will communicate with local non-profits to share best practices concerning fundraising, training and volunteer retention.

The Foundation will continue to sponsor events that recognize the leadership and the success of GAL Program staff and volunteers. The Foundation will also support statewide GAL volunteer training events ensuring GAL volunteers have the latest and best information. The Foundation will serve as a resource to the volunteers on how and where to get the best information and required continuing education.
